

# Donations and Sponsorships Application

Toledo Telephone and Toledo Telenet will consider making donations or sponsorships to tax-exempt, nonprofit organizations and programs that promise to provide benefit for the communities we serve. We regard these partnerships as an important investment in the future of our community and the vitality of our company.

Historically we have made charitable donations for community projects, educational programs, youth sports activities, and to various nonprofit organizations. Our focus is on events or programs that directly impact our community in order to make the most of our available funds. Contributions are not generally given to individuals for travel or travel-related expenses, or to organizations based outside of the local community.
