

In partnership with Lewis County, Washington, ToledoTel is the regional internet service provider chosen to manage the construction of the Winlock fiber-optic network using a \$23.5 million grant awarded by the Washington State Broadband Office. There is no construction cost to you to bring fiber-optics to your home! The project will take some time, but we want to connect with you now so when we pass your home, you'll be ready for an incredible internet experience.

Permission to Install a Fiber-Optic Connection Agreement

The permission of the legal property owner is required to have a fiber connection and corresponding equipment brought to your location. If you have any questions regarding the construction, please call 360.864.4552. Please complete the form below and return it to:

- ToledoTel drop box locations at 183 Plomondon Rd. or 116 Ramsey Way in Toledo.
- Email to info@toledotel.net or USPS mail to ToledoTel - PO Box 669, Toledo, WA 98591

Renting or Leasing – Landlord Permission

FOR CUSTOMERS RENTING OR LEASING – You must obtain the Landlord or Property Manager’s written permission for installation prior to the arrival of the ToledoTel installer to connect fiber to the outside of the property. Proper installation may require drilling through interior and/or exterior walls to run wire and installing outside and interior equipment.
